Worship Workshop

Saturday September 30, 2017

9:00 AM - 3:30 PM

Bethany Presbyterian Church, 425 Maplewood Rd. Huntington Station NY

Session 1: Creating Worship with Deep Soul In this session Marcia will introduce what she means by "M-M-Good" Worship and why this is the most exciting time in worship history to be planning worship - no matter the "style!"

Session 2: Think Like a Filmmaker What can we learn from filmmakers that can inform our work in offering the greatest Story ever told in sensory-rich ways? Why do we need sensory-rich worship and how can we do it in large and small churches with small budgets and volunteers?

Session 3: The Rhythms of Liturgy and Life & The Politics of Change. With lots of interactive music we will explore the various rhythms of worship vocabularies and why we benefit from utilizing a diversity of rhythms (AND why we get into "worship wars" and how to avoid it).

Session 4: "O Lord, Is it Sunday Already?!" Worship planning can be relentless with Sunday coming EVERY week! We'll talk about planning substantive and vital worship without getting burned out, drawing on the model offered in Marcia's Worship Design Studio.

Dr. Marcia McFee is a professor, worship designer, author, preacher and ritual artist. Drawing on a first career in professional dance and musical theater and equipped with a Master's in Theology and a PhD in Liturgical Studies, she understands the role of any worship artist in the church as that of creating extraordinary portals through which communities journey with the Spirit. The task is at once deeply theological and wonderfully artistic. Connecting worship professionals and volunteers to their passion and depth of spiritual leadership is her aim in teaching and consulting as well as equipping them with skills to carry this out. Dr. McFee has designed and led worship for regional, national and international gatherings of several denominations for the last 20 years. She is the creator and visionary of the Worship Design Studio an online experience of coaching, education, inspiration and a design application.
